Nancy and Geoff Dams, Kevin Anderson and Denis Sweetnam, Nancy must have played well to carry the other three NAGA golfers.

A great effort by Steph.Reichstien, who beat a star studded field to win the 9 hole event. The story of the month must be Jack Breen's claim that a dog pinched his golf ball. It was terrific to see Laurie Lucas pay us a visit and good to see he has not lost his sense of smell, we have always said Laurie can smell a Royal Park B-B-Q from his home in Kilmore.

Welcome back to David McCoid and it has not taken David long to get the raffles going again.I was a witness when his mate, Chris Jovanovic chipped in from the bunker on the 8th. There is something different about Richard Ghiller, he seems to be smiling a lot lately, he has to go back this week to pick up the bottom set.

Quote of the day "I played in three, almost four suburbs today, teeded off in Parkville, a big slice on the 4th, landed in West Brunswick [Park St] back in Royal Park on the eight another huge slice would have landed in Flemington except it hit a tree".

Unquote.

Mick Kelty has a pair of shoes for sale, hardly been worn, they had been picked up as lost 6 months ago; when he lost the next pair, he asked around and ended up with two pair, thanks to Lenny Oates.
