

8<sup>th</sup> Monthly Medal winners were:-

Geoff Dams (15) net 61 and Olive Sweeney (34) net 30.

Results of the first round of the Club championships:-

Gary Chappell off 17 came in with the best score of 74.

Next issue we will have the leaders in the four groups. A grade, B,C, and D grade.

---

A big apology to Mick Kelty for the incorrect spelling of his name but I have always had trouble with Greek names.

The 9 holers that set of at 9am were a sick lot. Denise had “celebrated” Little Johnny's election win too well, Tony was trying to walk the course and Robin suffered nervous tension from grandson Jake's swimming races plus the deck of cards Lenny made him look through did not help.

The Holden scramble team finished out of the money but the players all agreed Michael Lawn was the worst player out of the four.

The club is in trouble; Robin was drinking lemonade early and Chris J was drinking Coke.

David Lucas definitely got dressed in the dark, his attire was that bad it upset a dog on the 11<sup>th</sup> tee. David McCoid made a splendid recovery from his sickness and was back to his best, performing his miracle shots. For those that avoided him, Richard Ghiller had an eagle on the 3<sup>rd</sup>.

We now have Graham Bryant listed as Official Sampler and Darren is still giving close attention to customers that are female, 25 and blonde.

Alpha-bet sweep:- Sam Cummaudo is in front with 11 wins and 3 are tied in last position and 7 are still unfinancial. The alpha bet sweep day is fast approaching Melb. Cup day November 2<sup>nd</sup>. Book a tee off time.

For all our other activities in this busy season, Denise has done a great job listing them on our web site, so check them out. It would not be me if I did not take this chance to remind all players ANNUAL FEES ARE DUE AND PAYABLE NOW.

I seem to have neglected the 11am 9 holers but don't despair, your turn is just around the corner and Hodgie will be my source of information.

Tony Failla has finally admitted he cannot handle the Royal Park.
