The Par Bisque event certainly caused some heated discussions. Chris Meegan was the only one who knew how to score so he was the logical winner.

Bad news DR. Chipp is going home for his usual 2-3 months so everyone will have to drink more.

Andrew Dovey is on Annual leave so he has been haunting the golf club. Typical Socks, he played 9 holes one Sunday and then went to help Jim with the cooking. Ken Pridham has volunteered to phone in our Sunday results. Thanks to both those gentlemen but we need more help to tidy up every Sunday plus someone to arrange the installing of the pennant flags [and our new one] I tried to donate a B B Q to the club but after examination it was like it's owner worn out, rusty, jets blocked and needs a new drip tray. B B Q needed. ?

Robin's sweep No. 58 has finished with the winner being Laurie Paten with 21 winners, runner up was Chris Jovanovic [again]. Jim Murphy still won money for being last with 3 winners. Good to see Robin visiting us last Sunday.

Our ex-secretary has problems, what to do with ALL her spare time, does she try to get back to her high level of Golf, become a born again rock star again or pursue a Caddying career ?

One of our great supporters Lenny has had his 82nd. Birthday and to celebrate He had 3 Airies in 9 holes of the Vet's comp.
